Team SHNY: A new perception

**Authors Notes: Hello! Hopefully you'll like this fanfic, my first as you will see. I am going to upload 4 prologues to show off the characters a little bit then I'll get into the story! So this is the leader. Silver.**

The wind passed through her hair as she ran down the street and turned into an alleyway.

"Fuck!"she exclaimed, "dead end!" She yelled at herself for not taking the extra precaution.

"There she is!" Her pursuiter yelled to his partners as he started to run down the alleyway towards her.

For about 5 minutes they just sat there staring at each other, Silver trying to come up with a plan. As she came up with one, the thugs started to talk to her trying to negotiate. They were about one word into starting to talk when she reached into her tote bag and grabbed her weapons, her puppeteer hands.

"Back off or you're gonna have a bad time" she threatened then baring her teeth

"Lady just give us the core back and you'll be on your way" one of the thugs reassured her

"How bout" she paused for multiple seconds shifting her stance
"No"

She leapt at her opponents hands at her side coming up on one slashing at his chest. He sidestepped her and bashed her in the back with his weapon. Immediately she turned around and leapt back at him. Being surprised he didn't have enough time to block the slash so she got a clean cut at his shoulder, almost dismembering it.

"Gah!" He screamed in pain "You crazy bitch!" He was clutching his shoulder as his partners started to escort him out of the alleyway.

"Valiant will hear about this!" One of the unharmed thugs said

"Looking forward to meeting him!" Silver yelled back at them

She waited a little bit before peeking out of the alleyway and heading home. She unlocked the base staircase and walked up to her apartment. She unlocked her door and immediately fell onto her couch, dozing off.

**Authors notes: I know abrupt ending, but I'm just trying to get to the actual story asap! So be nice! Rate and review please!**
